Sadie: see attached summary and linked article about the Havasupai delegation's visit to Washington DC last week.

Jeanne, Shelly, and Jean: Members of the Havasupai Tribal Council met last week with Michelle DePass (AA for Office of International and Tribal Affairs) and Sadie Hoskie (Director of the American Indian Environmental Office). One of the issues they raised were their concerns about uranium mining at Arizona 1 Mine (Denison Mines) and other associated mines in the project (Canyon, AZ2, Pine Nut, etc).

Sadie has expressed an interest in sending Debbie Jordan a memo regarding the NESHAPs permit for these mines, Shelly; specifically suggesting that Air Division be sure to engage in consultation with the 3 affected tribes prior to issuance.

LM
